

CUSH NEWS

AN INTERFAITH PRAYER SERVICE to Support our Kenosha Chrysler Workers and Retirees

**Sunday June 12th 7:30 p.m.
at Grace Lutheran Church**

During the next few weeks, we will also obtain signatures on postcard addressed to President Obama at all of our congregations. These printed postcards will be available soon at Beth Hillel. We also request that each Congregation send at least five handwritten letters to our legislators in Washington.

SAFE SCHOOLS

The Safe Schools Task Force held a survey with our youth. Task Force members were surprised to learn that “bullying” is a pretty serious problem for a lot of our young people. They reported things like:

- Being picked on or taunted because of their religion, or race, or their sexual orientation (or the perception of their orientation);
- Feeling helpless when they saw groups of kids harassing someone, and feeling like they could not help all by themselves;
- Young people being taunted or teased excessively about their height, weight, or appearance.

Youth and adults are invited to:

“A Community Response to Bullying” on Wednesday, July 15th at 5:00 p.m. at Bradford Community Church ~ 5810 8th Ave.

We will create an environment where kids can feel safe telling of their own experiences, and where adults can hear their ideas about how to make Kenosha a better place to be a child or a teenager. Together, we will talk about ways **we can make positive changes.**

Growing up is hard enough, even under the best of circumstances. **Join us on July 15** to talk about ways we can help create a more tolerant, supportive atmosphere for everyone. Our young people have so much to offer; let’s help them to bring out their best!
