

## **BUILDING IMPROVEMENT COMMITTEE**

### **Committee Description**

The purpose of this committee is to work with the Building Chair to oversee the repair and improvement of the physical structure of the Temple building. As such, it recommends priorities to the Leadership Council.

### **Role of Committee Members**

1. Meet at least twice a year (once in the beginning to recommend annual projects, and once at the end to review progress).
2. Meet on an as-needed basis as critical issues arise.
3. Advise Building Chair and Leadership Council on priorities for the well-being of the building.

### **Reasons to Participate**

1. Interest in preserving the physical well-being of the building.
2. Opportunity to improve the building for generations to come.
